

B4 – CALANGA BEACH RESORT TO MOZAMBIQUE - 3 NIGHTS (4 DAYS)

Day 1

Guests will be picked up from Nelspruit or the Kruger International Airport – or at Maputo International Airport.

07H00 – Nelspruit

07H30 – Kruger International Airport

11H00 – Maputo International Airport

We stop in Komatipoort for last minute shopping in RSA and start our journey to Mozambique. Hopefully without too many hassles at the border, we will head to Calanga (via the Maputo International Airport).

Lunch at the Laurentina Restaurant in Manhica (between 12H00 & 13H00).

After arriving at the Resort (14H00 – 15H00), it is time to relax before dinner is served. Enjoy the African sky filled with stars next to the campfire before going to bed.

Day 2

A day at the Resort which you can choose to spend whichever way you want. You can do a hiking trail, learn the basics of Kayak fishing on the lake or just head for the beach.

Our main priority this day is for you to learn about the lifestyle and traditions of our local community. We end the day with a traditional Mozambique meal.

Day 3

After an early breakfast we will be on our way to Bilene. This is a fun drive next to the lakes and bush. It will take \pm 2

hours and we will stop to explore the local villages, cantinas and other places of interest.

Bilene, known as San Martino in the days of Portuguese Mozambique, is located on a hill overlooking the expansive waters of the Uembje Lagoon.

The lagoon is a massive body of water 8 km wide and 27 km long, plunging up to depths

of 50 meters, but so shallow near the shores that its perfect for children.

Flamingos and other water birds flock here in summer to wallow from the shallow water. For the rest of the year, Bilene is all about water sports, relaxing and chilling! There is a local market where you can find an assortment of curious and a walk through of the town is a must. Bilene has numerous restaurants and bars, a weekend disco, great bakery, fuel station, simple shops and market. There are no credit card facilities in Bilene. After lunch you will be able to do whatever you feel like doing. There are many water sports activities to choose from, explore the market or relax on the beach. After a fun day we will go back to Calanga to enjoy dinner.

Day 4

We will depart at 07H00 from Calanga Beach Resort to Nelspruit / Kruger International Airport via Maputo. On arrival in the City we will have coffee and a small breakfast at one of the sidewalk coffee shops in down town Maputo.

After coffee we will commence with the city tour. We will pass the 5 Star historic Polana Hotel, the Embassies belonging to the various countries and then along the beach front to the area known as The Baixa or downtown Maputo.

The imposing [**Casa de Ferro "house of iron"**](#) was designed by Gustav Eiffel, builder of The Eiffel Tower, shipped out from Belgium in a CKD form (Completely Knocked Down) and assembled on site.

Via the [**Catholic Cathedral**](#), the [**Botanical Gardens**](#) and [**Louis Trichardt Trek Memorial Garden**](#), we will visit the [**Mercado Municipal \(Municipal Market\)**](#) in which you could lose yourself for an hour, but beware of pick-pockets!!

We then continue our trip to the beautiful [**C.F.M. Railway Station**](#) which was built in 1900 and down the Rua do Bagamoio which is better known as the "Street of Sin" because of all the clubs and pubs which only come alive after 22h00 each night.

Then to the oldest standing building in Maputo, the [**Fort of Nossa Senhora da Conceicao**](#) which was built in 1781.

Then one of two options must be decided on, as follows :

[**Option 1 – Catembe**](#)

We board the ferry to [**Catembe**](#). This is a 10 minute boat ride with the locals, sheep, chickens and anything else they might be carrying, to the opposite side of Maputo Harbour. This is an experience itself and should not be missed. Please be warned that the ferry is not guaranteed and could be cancelled for no apparent reason.

Once at Catembe there are magnificent views of the City of Maputo.

Lunch will be taken at the Hotel at Catembe and this is your chance to savor the cuisine that Maputo is world renowned for, "LM" prawns, crab, calamari, mussels and peri peri chicken all washed down with a bottle of "green" Portuguese wine or a "2M" or two. After lunch, we return to the ferry and cross back to Maputo and will head back for the border.

Guests can be dropped off at Maputo International Airport on the way back to Nelspruit via the Kruger International Airport.

[**Option 2 – Costa de Sol**](#)

Lunch will be taken at the Costa de Sol restaurant famous for its cuisine that Maputo is world renowned for, "LM" prawns, crab, calamari, mussels and peri peri chicken all washed down with a bottle of "green" Portuguese wine or a "2M" or two. After lunch, we return thru Maputo and head back for the border.

On the way to Costa de Sol we will visit the [**Mercado do Peixe \(The Fish Market\)**](#)

After lunch and a visit to the [**Costa de Sol Market**](#), we return to Nelspruit via the Kruger National Airport.

Guests can also be dropped off at Maputo International Airport.

Children over the age of 12 pay full rate

Children under 2 years old – no charge

MALARIA

Anti-malaria prophylactics are thus recommended for visitors for Kruger and Mozambique. The highest risk period is between December and April (end of the rainy season). A 24 hour malaria hotline is available on +27 (0) 82 234 1800 to give detailed explanation on risk and advice on precautionary measures. Visitors wishing to take prophylactics should consult a knowledgeable medical practitioner or recognized travel clinic about recommended medication, as certain products cause nausea, hallucinations or other negative side effects with certain people.

A prophylactic that is safe and highly recommended is Mefliam. There are no side effects.

Very often (particularly after periods of low rainfall) the malaria risk in Kruger is very low. Many people decide not to take prophylactics and rather try to avoid getting bitten. The most vulnerable times are between dusk and dawn. People are advised to cover exposed skin with light clothing or insect repellents during these periods. The ankles are the most critical area. Burning anti-mosquito coils and ensuring netted screens are kept closed or other preventative measures.
